CAREER OBJECTIVE

To apply my technical knowledge and academic learning in a professional environment, gain industry experience through meaningful projects, contribute effectively to organizational goals, and continuously enhance my technical and professional competencies

SKILLS

Programming Languages: Java, Python, C

Database & Cloud: SQL, Cloud Computing

Web Technologies: HTML, CSS, JavaScript

Tools: Git, GitHub, VS Code, ServiceNow

Soft Skills: Team Collaboration, Communication, Initiative

EDUCATION

V.S.B College of Engineering Technical Campus
B.E., Computer Science and Engineering **CGPA:8.39**

2023- 2027
Coimbatore, TamilNadu

Adharsh Vidhyala Matric Hr. Sec. School
HSC:72.83%

2022-2023
Erode, TamilNadu

EXPERIENCE

Prodigy Infotech

June 2025

Web Development Intern (Online)

- Designed interactive web solutions by applying modern development techniques and industry-standard tools in project execution
- Analyzed project requirements and delivered functional web components, demonstrating problem-solving and analytical abilities
- Contributed to the successful execution of web development projects through efficient implementation of assigned tasks and solutions

TechnoHacks Edutech

July 2023

Full Stack Web Development Intern (Online)

- Developed responsive web pages using HTML, CSS, and JavaScript, ensuring compatibility across different devices and screen sizes
- Implemented frontend design components to enhance user interaction and improve understanding of web application architecture
- Collaborated on real-time development tasks, strengthening practical knowledge of web technologies and software development practices

PROJECT

Smart Campus Pass

June 2026 – July 2026

Tools Used: TypeScript, React, Vite, Supabase

- Developed a full-stack digital campus pass system using QR codes to track student outpass history and streamline gate verification
- Designed a Supabase-backed system to flag and prioritize emergency gate passes, reducing delays during urgent exits
- Implemented real-time authentication and database management on Supabase, with deployment on Vercel for live access tracking

Hand Gesture Recognition System (Gesture Vision)

Jan 2025 – Mar 2025

Tools Used: Python, OpenCV, MediaPipe

- Developed a real-time hand gesture recognition system using computer vision techniques to enable touchless user interaction
- Integrated MediaPipe landmark tracking with OpenCV processing to improve gesture detection accuracy and system responsiveness
- Accelerated hand gesture recognition by refining processing mechanisms, delivering seamless touchless controls and improving user interaction responsiveness by 30%

CERTIFICATIONS

- | | |
|---|----------|
| • NPTEL – Computer Networks and Internet Protocol (Elite) | Apr 2026 |
| • NPTEL – Cloud Computing (Elite) | Apr 2026 |
| • ServiceNow – Virtual Internship Completion | Mar 2026 |
| • HackerRank – Frontend Developer (React) | Jan 2026 |
| • NPTEL – Programming in Java (Elite + Silver) | Oct 2025 |
| • NPTEL – The Joy of Computing using Python | Apr 2024 |

KEY POSITIONS & ACHIEVEMENTS

- Published a patent titled "HybrionX: Hybrid Energy Switching E-Vehicle" (Patent No.: 202541016688 A)
- Student Coordinator, Department Technical Symposium
- Received Letter of Recommendation from Prodigy Infotech
- Member, National Service Scheme (NSS), V.S.B College of Engineering Technical Campus

CO-CURRICULAR ACTIVITIES

- | | |
|---|-----------|
| • Participated in Women Who Master Hackathon organized by Logitech and Aspire For Her. | July 2026 |
| • Participated in the TensorX National AI Hackathon 2026, organized by Poonawalla Fincorp | July 2026 |
| • Participated in Thooral Hackathon conducted by PSG College of Technology | Feb 2026 |
| • Presented a technical paper at Government College of Technology (GCT), Coimbatore | Mar 2025 |
| • Presented a technical paper at Bannari Amman Institute of Technology (BIT) | Nov 2023 |
